BBB NEWSLETTER

July - August 2022

Welcome! Bellies, Babies & Beyond (BBB) created a newsletter to connect with community partners and members.

The BBB Newsletter is a bi-monthly snapshot of all things BBB. We will inform you of our class schedule, community engagement events, and bring awareness to important maternal and child health topics.

We hope you enjoy!

Did you know, August is National Immunization Awareness Month?

According to the Centers for Disease Control and Prevention (CDC), this annual observance highlights the importance of getting recommended vaccines throughout your life. The CDC encourages you to talk to your doctor, nurse or healthcare professional to ensure you and your family are protected against serious diseases by getting caught up on routine vaccination.

As your children head back to school this fall, it's particularly important for you to work with your child's doctor or nurse to make sure they get caught up on missed well-child visits and recommended vaccines.

Parents, remember to take care of yourself too! Make sure to receive any vaccines you need to stay healthy. Use CDC's adult vaccine assessment tool to see which vaccines might be right for you.

Join Our Fatherhood Program Today!

A free case management initiative to strengthen family resiliency by encouraging paternal involvement and education.

- Housing
- Job training
- Social Services & Nutritional Counseling
- Legal & Child Support
- Mental Health Counseling
- Anger Management
